The ARK's mission is to make quality Christian Education opportunities available for families who through God's leading desire Christian education for their children, and work with individuals who are committed to making it happen.

*If you know anyone who can use this information,
please pass along the news!*

A Beka Book

The *A Beka Book* approach to Christian education keeps learning lively, interesting, and memorable. Our materials reflect sensible theory that is firmly anchored to practicality. *A Beka Book* materials have been developed as a result of 50 years of actual classroom experience in Pensacola Christian Academy, one of America's largest and most respected Christian day schools.

Today over 600 ministries, schools and churches are utilizing this program to provide quality education options to families concerned about the quality of their children's education.

Bob Jones University (BJU) Press

"How come school's so much fun this year?" We heard this from a student at a school that uses BJU Press. And it's not unusual. Students using BJU Press often find that the wonderful illustrations and photos in our books, the emphasis on interactive learning, and the comfortable pacing of information from lesson to lesson and grade to grade make for the most enjoyable learning experience school can offer. BJU Press produces explicitly Christian texts with the best scholarship to help students learn to do critical analysis, to solve problems and to consider values in making godly choices in their lives.
